

Lappset Sutú

Interactive ball wall

Imagine if the goal could talk back - would you stay to play a little longer? Lappset Sutú is an interactive play and sports equipment that combines advanced technology with user-friendly game designs. Sutú enhances player proficiency for all levels. Its ball wall features 16 illuminated LED panels powered by impact-sensitive sensors, offering a variety of challenging games to enhance agility, speed, and accuracy.

1. High-Intensity Workouts

Perfect for practising skills with high-intensity games, the Sutú ensures that users get a great workout. Besides being fun, active, and addictive to play, the Sutú is designed to enhance various skills, ranging from acceleration to long passing. It proves to be an excellent addition to Sports Training Programs, Soccer Clubs, Sports and Recreation parks, and numerous other applications.

2. Impact-Sensitive Design

The Sutú is designed to withstand rapid impacts from a variety of balls, including soccer, handball, or tennis. Equipped with impact-sensitive panels, the Sutú seamlessly adjusts to the impact and size of different balls, enhancing its versatility for a wide range of sports and recreational activities.

3. Developed for the outdoor area

Our interactive playground equipment is designed with one main goal: to give our customers peace of mind. We frequently receive questions about our products' durability against vandalism, the maintenance they need, and their suitability for harsh weather conditions. We've carefully crafted our products to exceed your expectations.

Examples of games

Total

Fill the wall! Hit each panel without hitting a panel twice.

Speed

Two teams try to hit the wall as hard as possible. The hardest shot wins.

Shape

A shape appears on the wall, and the player must try to hit all panels of the highlighted shape.

Unlimited

Hit a blank panel to light up the panel. The goal here is to get all the panels to light up.

Sutu creates interaction

Sutu allows for an engaging gaming experience for all players, from complete beginners to professional athletes. Sutu games offer precision skill improvement or let you set personal records by hitting as many targets as possible within a time limit.

As someone improves their skills, the difficulty of the games ramps up - providing an ongoing challenge that will help them develop their abilities as they progress with its smart technology and intuitive operation. Its gamification aspects make it even more captivating. Whether you seek beginner-level enjoyment or advanced challenges, everyone will have fun with the interactive experience. Perfect for public areas, commercial venues, or sports associations.

Did you know that

The Sutu has a radar that measures the speed at which the ball comes at it adding an extra layer of interactivity and feedback to the gameplay.

Lappset Dashboard for more fun

Our online tool gives you complete control over your playground equipment. Our dedicated design team constantly crafts new games, ensuring a fresh experience. Surprise users daily with rotating games, offering a new game every day. When you invest in our product, you're not just buying hardware; you also get software, games, stats, and free online updates.
